WHAT I'VE DONE

Axios To-do List

[HTTPS://BDUFFYTODO.NETLIFY.
APP/](https://bduffytodo.netlify.app/)

- Created a fully functional and interactable to-do list.
- Ensured UI/UX was clean, crisp, and easy to follow.
Built With: Html, CSS, JavaScript, and Axios.

MEME GENERATOR

[HTTPS://BDUFFYMEME.NETLIFY.
APP/](https://bduffymeme.netlify.app/)

- Generated a React application that takes a user's input and applies it to a random image, creating their very own meme, and adding it to an unordered list that is then rendered to the page.
- Random images generated from a third-party API using Axios protocols.
- **Built With: ReactJS, CSS, Axios**
